The Special Supplemental Nutrition Program for Women, Infants, and Children (WIC) Income Eligibility Guidelines were published in the Federal Register on March 5, 2014. On January 22, 2014, the U.S. Department of Health and Human Services (HHS) published its annual update of the poverty guidelines. The HHS guidelines are used by a number of federal programs, including WIC and the Medicaid Program, as the basis for determining and updating program income eligibility limits.
